ADAM AUDIO GMBH | RUDOWER CHAUSSEE 50 | 12489 BERLIN

Dear Customer,

Thank you for registering your new A Series studio monitors. We hope you enjoy the superior sound quality they deliver!

A download link for the **A Control** remote software (public beta) and/or the A Series **firmware updater** can be requested [here](#).

Your 60-day Sonarworks **SoundID Reference** trial license will be emailed to you separately by the ADAM Audio team. Once you have received it, please visit www.sonarworks.com where you will need to create an account to download the software.

Should you have any questions, please send an email to support@adam-audio.com, but in the meantime be sure to check out the [tutorial](#) on calibrating A Series speakers using the SoundID Reference trial.

All the best,

The ADAM Audio Team
